Fuel your future

SCHEIDT&BACHMANN 

WE'RE TAKING THE NEXT STEP FORWARD.

Each innovation takes courage – and someone to take that “first step forward” risk. At Scheidt & Bachmann, we have taken that first step forward many times – it’s in our corporate DNA.

Scheidt & Bachmann has accompanied the market development, from the simple station through to the “mobility supermarket”, and has often been at the heart of pioneering work. Our extensive experience and technical competence is represented throughout our new product brand, SIQMA. With SIQMA, our goal is to make your fuel retail business even more successful through centrally managed cloud-based technologies and pioneering services.

Join us making the next step. *Fuel your future*

SIQIM

practical solutions

flexible

future-oriented

TO US, STATION IS ANYTHING BUT STATIC.

Whether forecourt, shop or carwash; service stations are extremely dynamic places. Just as dynamic and diverse are the requirements for a successful sales process and all its related tasks.

Based on modular and flexible customisable solutions, SIQMA bundles performance and innovations to form an overall package that adapts to your needs. SIQMA solutions are practical, extremely reliable and provide you with a future-oriented business in a dynamic market.

CAN A SERVICE STATION BE INTELLIGENT?

Yes, because SIQMA applications are intuitive, easy to use and adapt perfectly to existing scenarios, making your service station noticeably smarter. They are scalable for all business models, and their standardised design allows flexible connections, including to third-party providers.

Benefit from the extensive expertise that flows into our SIQMA solutions, and also from the knowledge that with SIQMA innovations, you are always one clever idea ahead.

COMPREHENSIVE OVERVIEW, NOTHING OVERLOOKED.

With SIQMA, you have access to all the information that you need for the targeted control of your business development. You also benefit from the availability of comprehensive operational business data and fast, transparent data handling.

You have the choice of how the channels of communication are tailored between components; stationary, mobile, locally and globally. "Manage anytime, anywhere": With SIQMA this becomes reality.

Sell

SUCCESSFUL SELLING

“Sell” offers solutions for indoor and outdoor sales at manned and unmanned sites. The intuitive control panel of our POS systems enables payment solutions that are diverse, efficient and quick.

With our versatile promotion and loyalty solutions, you address your customers exactly where it is most effective: directly at the POS.

Manage

TARGETED CONTROL

“Manage” includes the planning, management and controlling solutions of SIQMA. Control your business processes around the forecourt, shop and the central systems – targeted and straightforward.

All management functions, such as wet stock, merchandise or pricing, can be used via a browser and app; no matter where or when. You determine the direction, “Manage” paves the way.

EASY LINK

Link

“Link” stands for the linkage and integration of all SIQMA products into a powerful entity. For you this means: more transparency, more flexibility and more reliability.

Via standardised interfaces (e.g. IFSF, API, XML), SIQMA functional modules can be easily integrated with third-party products. This enables customised solutions that are both economical as well as future-proof.

Care

LASTING BENEFIT

“Care” combines all service and training offerings for SIQMA solutions. We provide comprehensive project and service management which ensures the smooth running of your service stations. The planning and implementation of projects around the SIQMA products are also supported by an extensive range of training courses.

Our proprietary service desk (1/2/3 level support), offers solution and practice-oriented incident and alarm management, as well as an excellent on-site service, in order to make your SIQMA solutions run seamlessly across your operation.

/ FOUNDED IN 1872

/ MORE THAN 2,900 EMPLOYEES

/ DEVELOPED FROM MECHANICAL ENGINEERS TO GLOBAL SYSTEMS PROVIDERS

/ MARKET LEADER IN CENTRAL AREAS OF MODERN MOBILITY

/ INNOVATIVE PRODUCT AND PRODUCTION SOLUTIONS

/ 24 SUBSIDIARIES, 50 PARTNERS, IN MORE THAN 50 COUNTRIES

ALWAYS ON THE MOVE FOR MOBILITY.

Behind SIQMA, Scheidt & Bachmann stands with its four market-leading business divisions, entirely focused on mobility operations. Solutions for service stations, parking, fare collection management and train signalling, form the core of our expertise.

It is part of the Scheidt & Bachmann culture to put existing solutions repeatedly to the test, continually develop them, whilst also raising them to a new level. Our innovations often set the standards that develop to become the industry-wide norm.

And in the future, we'll keep on taking the next step forward for you.
